

When growing up as a child there is nothing more important than imagination and play. To build the children's skills in this area we reading many books and sing songs, but the today we were able to bring the stories to life.

Our excursion to Fairy Park allowed the students to listen to fairy tales, while watching the movement of the characters at the press of a button.

The children were also able to have an understanding of fair play, with the children recognising everyone wanted to press the buttons and respecting the order the educators had created for everyone to be able to start a fairy tale.

We also found the student's used their imagination to continue the stories as we moved from one exhibit to another.

The day was a huge success with all students expressing the desire to stay at the venue.

FAIRY PARK

Excursion to Fairy Park

TRAIN RIDE

The Train Ride of Excitement!

9-03-15

Today the student's were very excited to take a ride on a steam train through the country side.

They enjoyed observing the sounds of the train and socializing amongst the children.

We were also lucky enough to have a sunny day, which allowed the student's to enjoy a Picnic lunch.

This train ride is forming a part of the students learning of the various ways that we can travel. We have previously explored through show and tell transport via cars and aeroplanes, but due to the overwhelming interest the students have in this area we thought we should have a closer look at the transport options presented in our community.

16-02-15

OUTDOOR LUNCH

Outdoor Play

Today the children enjoyed a lot of outdoor play, which lead to our group having an outdoor lunch.

We took this opportunity to play ball games and enhance our hand and eye coordination, as well as discuss the importance of the children being sun smart.

The students assisted in putting on their sunscreen, and placing their hats on their heads.

We find it important at this age to encourage outdoor play for the children's overall health and development. The centre does impose a SunSmart and outdoor play policy, including the temperature ranges that outdoor play is acceptable. To read more details about our policies, please feel free to visit our centre website.

LET'S CELEBRATE THE BEGINNING OF ANOTHER YEAR

Market Day

19-01-15

Our Kinder group had a wonderful time celebrating the beginning of a fantastic year by travelling to the market on Friday.

The students got to indulge in foreign foods such as Gozleme, Paella and a huge favourite chocolate churros.

We also visited the mini petting farm, where the students got to interact with guinea pigs, rabbits, chickens and lambs.

We would like to take this opportunity to remind you that the centre will be closed on the 26th of January for the Australia Day holiday.

To find out all the days our centre is closed, and how it will impact your payments, please visit our website and view our policy document.
